# Historic

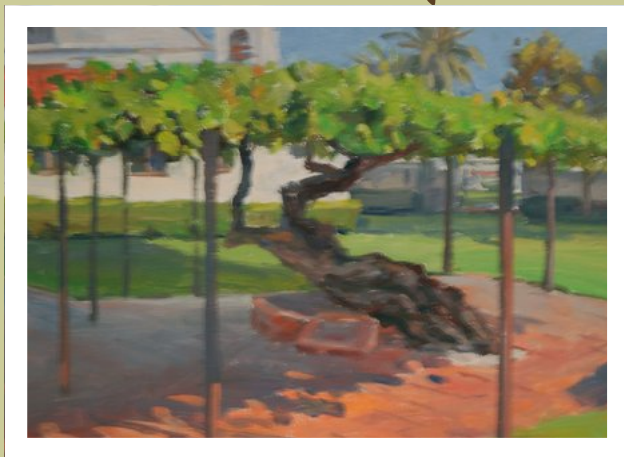

National Grape Week, San Gabriel 1930

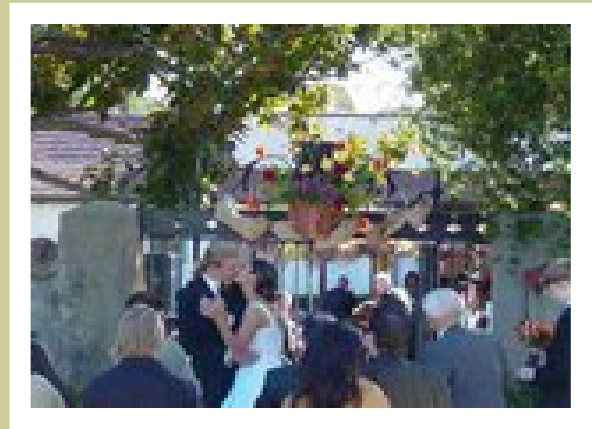

The Grapevine Arbor is a place of history, elegance and class. It holds a small segment of "The Old Grapevine" whose trellised branches once covered 10,000 square feet. Planted in 1861, the famous grapevine gives this picturesque locale its name. As with many local vineyards, the

arbor began as a cutting from the San Gabriel Mission's "Mother Vine". Wine made from the grapes was in great demand and in the late 1800's the San Gabriel Winery was among the world's largest. Today the Arbor is a popular place for weddings, parties and social gatherings.

# Picturesque

The Grapevine Arbor's beautiful Spanish style architecture and lush garden provide the perfect setting for weddings, receptions, or that very special event.
