

2009 San Gabriel Bell Award Winners

Congratulations!

This building creates an interesting massing for a non-corner building. By paying attention to architectural detail and lighting, this new complex creates an intimate setting along a busy corridor.

New Commercial

115 W. Valley Blvd.

Architect: Alex W. Chang, AIA
(Design Inspiration Group, Inc.)

Project Description: The Fortune Court is a new plaza designed to add vitality and appeal to one of the City's major intersections, Valley and Del Mar. Great details were given to ample open spaces, one-of-a-kind lighting elements and contrasting finishes of stone, glass and aluminum panels.
