

CITY OF SAN GABRIEL
NEIGHBORHOOD IMPROVEMENT SERVICES
TRASH AND WASTE DISPOSAL INFORMATION

A City ordinance prohibits any person from dumping, disposing, or storing rubbish or debris on any property within the City. To maintain health and safety standards, the City has an exclusive contract with Athens Disposal for trash service. Please follow these guidelines:

- *Place all trash inside the trash containers. Trash placed outside the containers will not be picked up.*
- *Double-bag all wet trash*
- *Do not place hazardous wastes, liquids, construction debris, tires, or grease in trash containers.*
- *Keep trash container lids closed at all times. If a container has a lock, keep it locked*
- *Do not fill trash bin above the top of the bin*
- *Do not leave items outside the bin*
- *Flatten cardboard boxes*

Rubbish should not be placed at the curb earlier than 6:00 p.m. of the day preceding collection, and the containers cannot remain at the curb later than 8:00 p.m. on the day of collection.

Bulky and hard-to-handle items, such as mattresses, couches, water heaters, washers, refrigerators, etc., will also be collected, at no extra charge, on the same pickup day of each week for curbside service. However, you must contact Athens Disposal 24 hours in advance to schedule a bulky-item pickup.

If you have bin service, all items **MUST** be placed inside the bin. Athens Disposal will **NOT** collect items left outside the bin. Athens Disposal can arrange for special hauling services as needed.

For more information, please contact Athens Disposal at (626) 336-3636 or Neighborhood Improvement Services at (626) 308-2806.
